

## **CRAFT MAGAZINE TITLES:**

### **ACF News (Arts Crafts Festivals):**

Trade news and show listing information for the exhibiting artist and craftsman looking for craft shows, fine art shows, and festivals in the eastern United States.

### **American Craft:**

Celebrates contemporary craft, focusing on achievements in the craft media.

### **American Painting Contractor:**

Deals with general management, health and safety, industrial maintenance, and subjects dealing with education and construction that are pertinent to the paint contracting and paint maintenance markets.

### **American Style:**

*AmericanStyle* provides art lovers with valuable tips on decorating, interior design, display and lighting ideas for everything from designer jewelry and art glass to collectible teapots, art furniture and sculptural ceramics. More than 250 arts festivals, gallery exhibitions and museum events are listed in the Datebook section of each issue.

### **BBC Gardener's World:**

This magazine offers ideas, advice, and inspiration to all gardeners. Each issue gives you a unique link to BBC gardening experts, such as Alan Titchmarsh with many experts writing exclusively for the magazine.

### **Canadian Home Workshop:**

Features woodworking projects and full material lists, as well as plans and step-by-step instructions.

### **Car Mechanics:**

Offers a wide variety of articles to appeal to all enthusiasts who are interested in saving money on their vehicle maintenance and getting the right advice on those tricky jobs. Also includes professional information on garage equipment, diagnostics, servicing, auctions, parts and more.

### **Colored Stone:**

Provides news and trends on the gemstone industry, including current price reports, product analysis, and reviews of gem and jewelry shows.

**Craftworks:**

*Craftworks* features a variety of "how-to" projects and articles for home decor and garden themes. Discover the latest craft and decorating trends and how you can easily and affordably bring these looks into your home.

**Creative Woodworks & Crafts:**

This magazine is for people who love creating detailed, decorative wood crafts. It's filled with full-size patterns, the latest tools and equipment, tips and techniques, and project how-tos. Full-color, step-by-step illustrations will guide you through the craft-making process with ease!

**FiberArts: The Magazine of Textiles:**

Provides inspiration and information for enthusiasts of weaving, quilting, wearable art, needlework, and rug making. The magazine promotes contemporary fiber art by reviewing national and international exhibitions and by exploring new trends and issues facing the field.

**Fired Arts & Crafts:**

Magazine offering jam-packed issues of intriguing information to provide hours of fun. Serves as the ceramist's reference guide during the creating process. Includes projects with materials lists and directions, color photographs of finished items, detailed patterns, and drawings when necessary.

**Furniture & Cabinetmaking:**

The only woodworking magazine focused exclusively on fine furniture making. It reports the latest styles, reflects the best of contemporary design, and also respects the traditions of the past. It features projects and technical articles for design makers regardless of skill level.

**Hand-woven:**

*Handwoven* is a weaver's constant companion. Issues offer a great collection of exciting projects. The magazine is a textile travelogue, pattern book, and weave structure textbook, it's a place to discover new patterns, and learn to create original designs.

**Horticulture:**

This magazine is written to instruct, inform and inspire serious home gardeners. As well as expert advice, it contains photography and useful information for both the novice and advanced gardener. It addresses a wide variety of subjects including garden design, landscaping and soil nutrition.

**Interior Design:**

Articles, commentary, business profiles, interviews, thematic issues, trade shows, news and legislative notes aimed at America's top commercial design firms and architects; offices, residential, hotels/motels, restaurants, and retail stores.

**Jewelry Craft:**

Contains information on jewelry-making projects for those who design, make or sell jewelry.

**Kitchen & Bath Design News:**

Aimed at the kitchen and bath industry, *Kitchen & Bath Design News* contains regular columns on industry trends, new products, business strategies, sales, and showrooms. It also features a buyer's guide, profiles of designers and projects, and classified ads.

**Lapidary Journal:**

Famous authors help readers discover the gemstones and minerals that go into jewelry making, and then provide information and workshops for projects. Readers can create, or simply marvel.

**Piecework:**

Cross-stitch, embroidery, knitting, quilting, crochet, beading, lace making, and more. Piecework has it all, plus the stories and ethnic traditions behind the techniques.

**Popular Ceramics:**

Contains how-to articles, with instructions for ceramic projects. Includes ceramic information, some historical.

**Popular Mechanics:**

PM is filled with informative articles on everything ranging from new technology, world events, woodworking tips, car care, automotive design, and computers. PM does not delve too deep into any particular subject, rather it gives you a broad view of all of them. In each issue you're likely to find tips on how to change and fix a flat tire on your car, plans on how to build wood furniture, reviews on new cars, and reports on upcoming technology.

**Pottery Making Illustrated:**

A how-to-magazine for potters - professional or amateur, student or instructor. Each issue contains practical information presented in a well-illustrated format for the beginner to the intermediate potter.
